## NOTICE OF PUBLIC COMMENT ON SOLITUDE LANDFILL PERMIT RENEWAL

Green River Landfill, LLC has applied for renewal of its solid waste permit to construct and operate the Class V Solitude Landfill on 320 acres of privately owned land located nine miles east of the City of Green River, Utah. Class V landfills are commercial landfills that may receive municipal and other nonhazardous solid waste not otherwise prohibited by rule or permit. The draft permit for the Solitude Class V landfill limits the wastes that may be received to municipal waste and those wastes that are typically associated with municipal waste. Waste taken under contract from industrial waste generators and wastes generated as part of site cleanups under CERCLA are prohibited at the Solitude landfill. The permit renewal application has been reviewed by the Division of Solid and Hazardous Waste and a draft permit has been prepared. The public comment period on the draft permit begins January 20, 2009 and will end February 19, 2009. A public hearing may be held if, within 15 days of publication of this notice, a request is made to the Executive Secretary in writing and meets the requirements of Utah Administrative Code R315-311-3.

Copies of the application documents and the draft permit are available for public review during the comment period during normal business hours at the following locations:

Division of Solid and Hazardous Waste  
Utah Department of Environmental Quality  
288 North 1460 West, 4th Floor  
Salt Lake City, Utah

Southeastern Utah District Health Department office
